GLADIOLUS BULBS . . . DIGGING TIME PRICES

SEPTEMBER 1945

Our planting of Gladiolus is much smaller than in former years because of the acute shortage of labor. We expect to be able to have a larger acreage next season.

Our stock of bulbs is not large but has the appearance of healthy stock and quality bulbs. Our complete irrigation system is always helpful in making plump, high crowned bulbs.

MANY THANKS FOR YOUR PAST ORDERS.

Sincerely,  
J. H.

(P. S.—Jack is now on Guam but we expect him home by Christmas.)
